## THE DAILY REBEL.

Franc. M. Paul.

THURSDAY MCCNING, JUNE 25, 1863.

of the New York Tribune's special correspondent, describing the attempt of a portion o Gen. Grant's army to storm the works in the the same polician sill: rear of Victsburg :

To the south of the fort, immediately in front, the rifle pits make a bend this way, so tions, are the spires of Vicksburg. All along before the tempest.

low, and await the progress of events. But, bark! A faint cheer rises on the air. They of the k ad osesal noder similar corenessances are charging! Lawler's brigade is advancing! There is a general rush to the summit of the hill, regardless of sharpshooters and shells There they go with trailed muskets, half streaming toward the fortress. For a moment not a shot is fired. They are screened from the raking fire of the enemy by the side of the ravine. But just as they emerge imo the open to the left, the works in front, and the sharp shooters from the right, all open upon them with a deadly storm of bullets. Lately so deand muskets and jets of smoke. The air is not equal to the position -- away with him!

breastworks; hesitate a moment on the edge of in the attack, he knew the country would not the most, leap in and disappear, emerge on be satisfied, and so he tried it again. This they enter there as those who cross the Bridge live thousand men, without, in a sing o inof Sighe, never to readrn? Now others scale stance, having toude the stirmest impression to orke to be met by stois from within, and doon the rabel worke, will a thely to allow sink to the earth, or reel backward into the the compander or could be reduce. trenches. Mercitel God!

no rescue, by the band of a for they cannot be g a very weak in out, i. does not have reach! They cling desperately to the side of this defect in the read; and, northermore, that the breastworks; who are living, dead, no one, the recel garrison is neither weak, demoral z knows. Some burrow with hand and foot and bayonet into the embankment. Some are stark being 'Quarkers,' are veritable l'art, s and and provionless. Along the hither side of the Columbiads, at once commanding in position ravine, and partially acreened from muskerry, and numerous as to quantity, and which at our soldiers are couching and lying, and re- any moment are able to fill the air with a temturning the fire from the rifle pits as best they post of death into which no storm by party can. An officer can be seen by the aid of a can enter and live. From this time onward field glass moving backward and forward the people will be willing to wait with greater tempting to get them up the fort to the sup- ing this place. port of their comrads. Here and there they The wounded, or many of them, and the rush forward across the exposed surface, one that stormed the works at Black River.

and can be got no further.

Burbridge to put forward and engage the ene- and sharpshooters. my at once on the right. The constant inquiry is now what news from the right? What news from Sherman and McPherson? Every O.derly and horseman of any description is catechised. But the information is indefinite and unsatisfactory. McPherson's corps was close to the enemy's work. Our flag was planted on tne rebel parapets at various places. But no forts were taken. Rumors came to that effect. but proved to be without foundation. It was evident that the attack was everywhere being made, not with heavy columns, but with forlorn hopes. The fire of the enemy was too concentrated and morderous, the ditches too deep and the moles too high to be overcome.

Thus the day wore along; a day of gallant flighting against hopeless patoral obstacles.

Is GEN. LEE LEFT HANDED! -- Gen. Lee must be left-handed, or has learned the puginst's astorished our forces on a right by opening Europe, he alleged houseif, he took a strange judicious, in regard to retaliation. Two years his left upon Harper's Ferry. He threw his swered with a defiance by some night grown unravel it. left upon Hocker at Chancellorsville. He has battery on theirs; and, in chort, where we There are some hints of a nature bardly ed him. His strategy, thus far like the stall caunter mine; and if we succeed in blowing ed. They may be d scu-s-wart tread of his soldiers, has been "left," no or carrying their first tread of his soldiers. It is soffi "left !"-Richmond Sentinel.
